RE: Paul Johnson Service

Paul Johnson has been a member in good standing with the Abilene Board of REALTORS® since June 1, 1977. During that period of time he has been active in commercial real estate and a true leader in our industry. He has been involved in the Commercial Committee during this period and on occasion has served as both Chairman and Vice Chairman.

If additional information is required on his service to our industry please advise.

Sincerely,
