

Property Investor Show & OPP Live 2009

About the Event

Presenting the first combined investor and trade exhibition in the UK, the Property Investor Show & OPPLive 09 allows the international property industry to network, form strategic alliances and benefit from a comprehensive education program.

Coming to the convention center, [ExCeL London](#) on 22-24 October 2009, this new hybrid event combines the longest established property investment show in the UK with the definitive trade event for the overseas homes industry. Drawing upon a trade and consumer database of over 130,000, the show will provide a forum where agents, developers, fund managers, wealth managers, service providers and other property professionals can meet an expected 10,000+ visitors.

Consumer visitors and real estate professionals will each benefit from their own dedicated program of panels and seminars, with the former exploring every aspect of property investment and the latter highlighting the buyer trends, sales and marketing ideas, funding options and approaches that will help the industry prosper in 2010 and beyond.
