

Congress: The Key Is In Your Hands

Unlock America's Economy

The over 1.2 million members of the National Association of REALTORS® urge Congress to address these critical problems immediately.

- **Make a tax credit available to all homebuyers**
- **Make the 2008 FHA, Fannie Mae and Freddie Mac loan limits permanent**
- **Enact a pragmatic foreclosure prevention plan to stabilize the housing market and our communities**

America needs a common sense, straightforward plan to deal with the housing and lending crisis that is at the core of our economic crisis. Thanks to the Administration and Congress, progress has been made to reduce mortgage interest rates and get the economy back on track. But more needs to be done.

Pass housing reforms now that will grow our economy, spur home buying, encourage lending and curb foreclosures.
